Dear Roland:

Thank you for your letter of 20 May 1952, giving me your estimate of Mr. Marriott. He has certainly had an interesting career and will, I am sure, be a pleasure to deal with on our mutual problems.

I do not wish to introduce any problems for discussion by you at this time. If at a later date matters come up which seem appropriate for your handling, I will refer them to you as you suggest. I shall try to talk STAT into paying a visit this summer if he makes his annual field inspection. My own plans are necessarily indefinite, but I will keep you advised.

Sincerely,

STAT
